DETAILED ACTION

1. This application is in condition for allowance except for the following formal matters:

Claim Objections

Claims 1-18 objected to because of the following informalities:

- In claim 1, applicant recites, “at least one clip adapted to engage a support for said roll of media.” It is not clear what “support” applicant is referring to. If applicant is referring to support molding 1614, this structure does not appear to engage the clip 1414. Instead the support molding appears to engage surfaces of the two halves of the case as shown in Figures 14B and 17C.

Appropriate clarification and/or correction is required.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
